

NoMa

RESERVED FOR

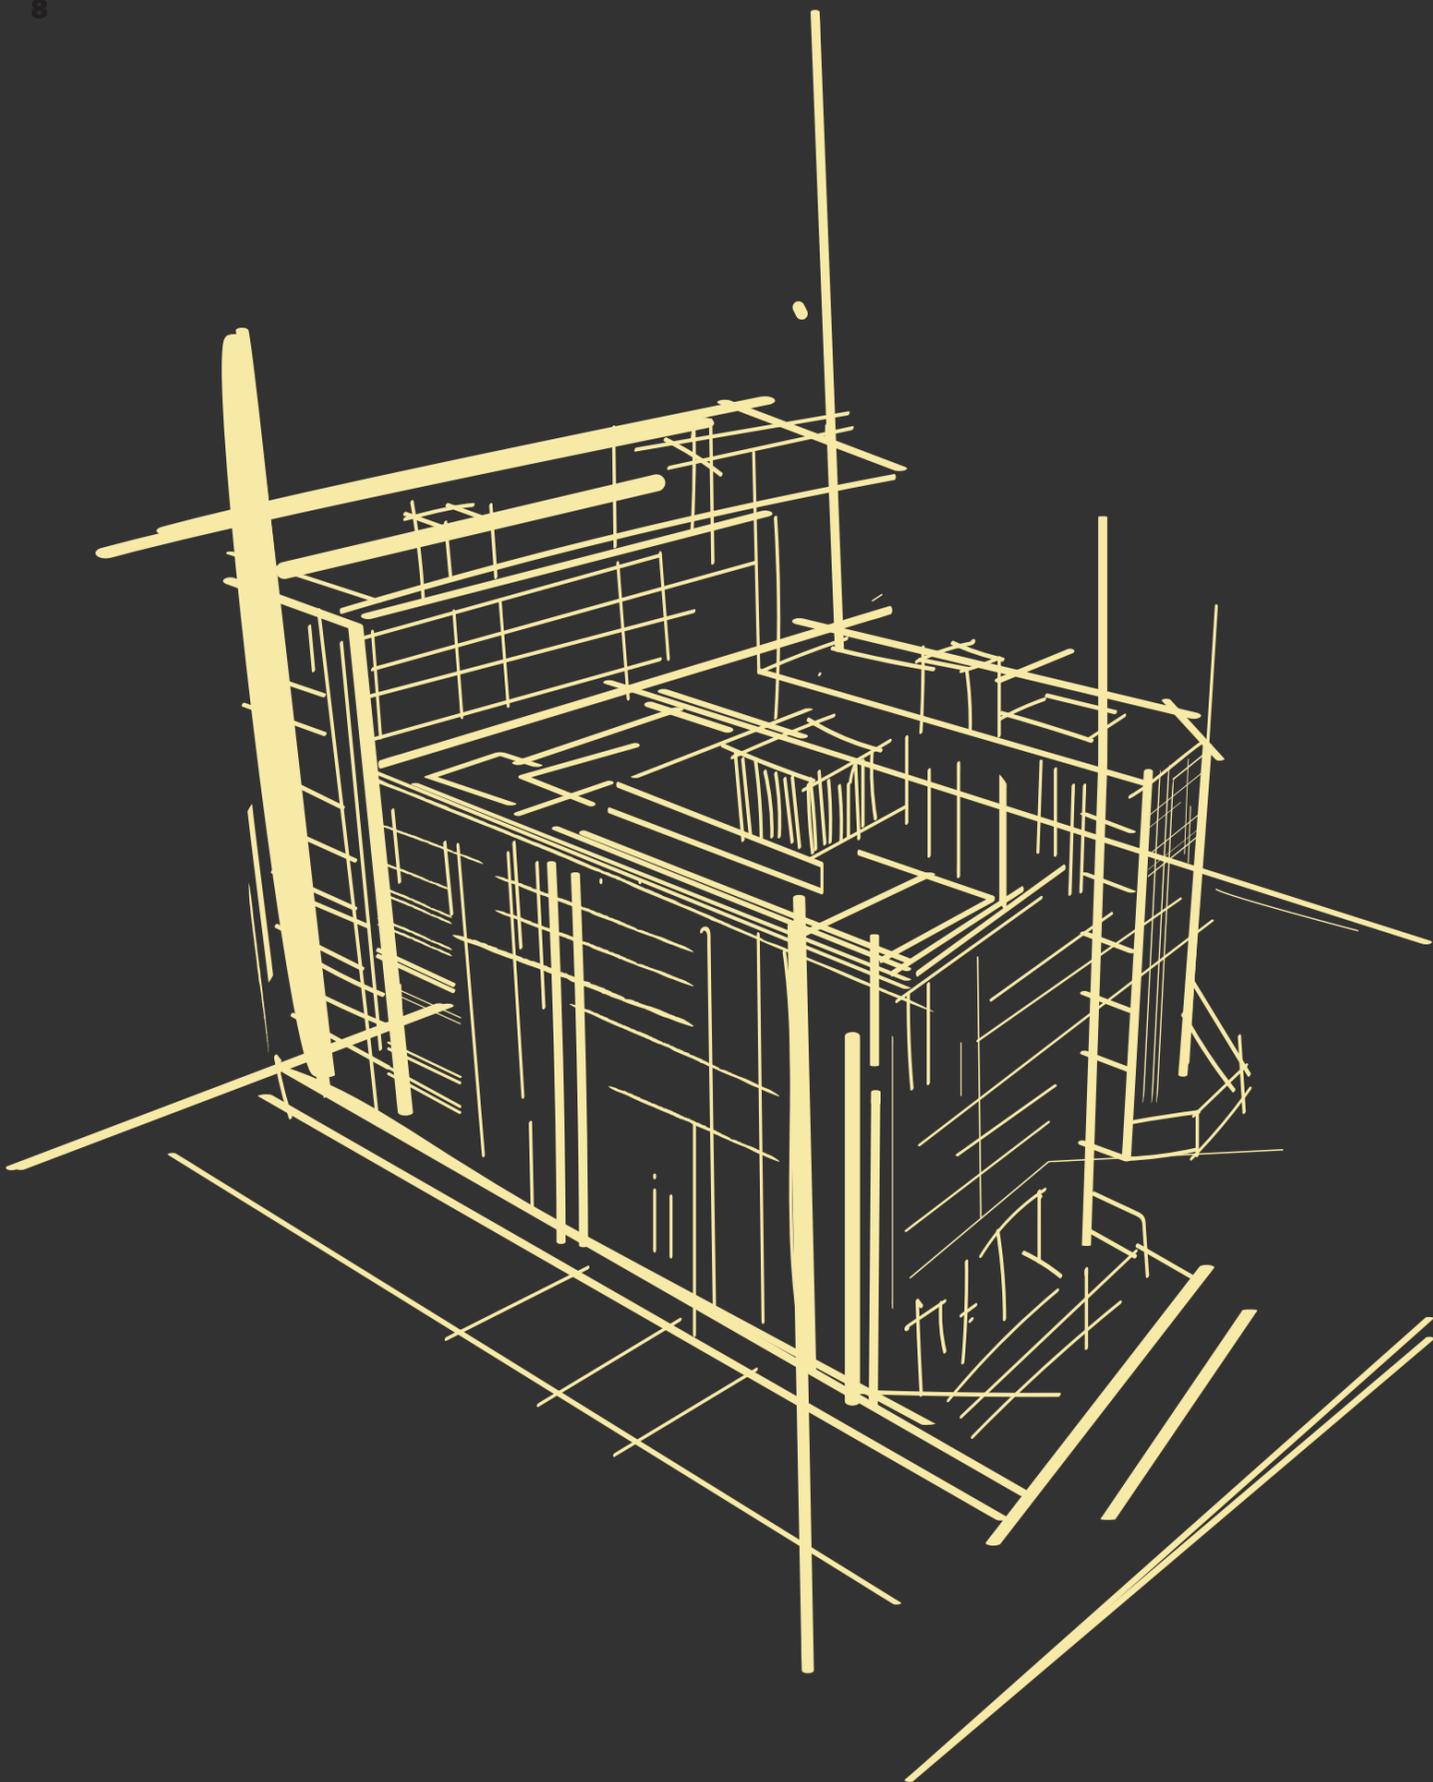

The Hip.
The Bold.
The Visionary.

The Inspiration

NoMa is inspired by NYC's vibrant NoMad district. The trendy lifestyle, the fashionable crowd, the most cutting-edge of what the city has to offer. NoMa also speaks of a nomadic energy. Bold, confident, and different - just like you.

Made up of only 50 units, NoMa is designed for those in constant pursuit of a different lifestyle. Feel the energy and inspiration as you shape this into your home. At the rooftop, a 12 metre high art mural makes an iconic statement, elevating attention from the surrounding cityscape. 100% bold. 100% freehold.

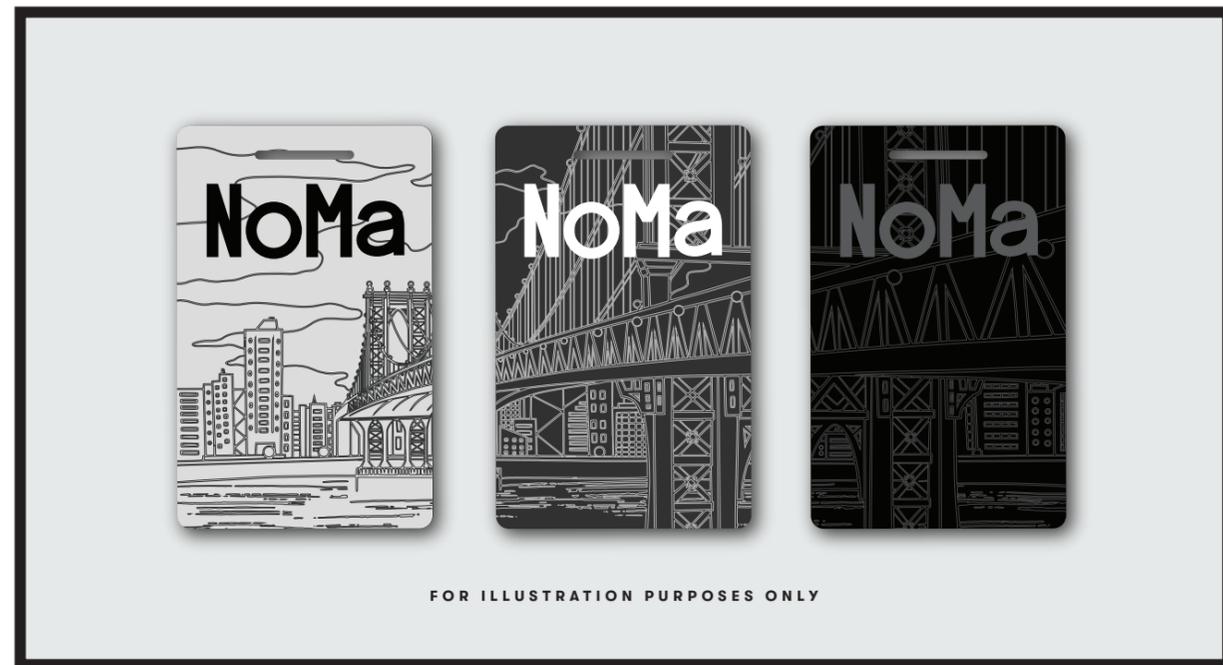

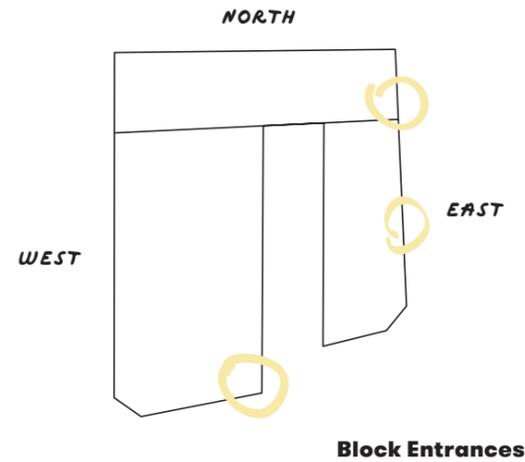

3 Distinctive Blocks.

1 Lifestyle.

Because we are all different, the way we express ourselves shouldn't be the same. NoMa has 3 distinctive blocks, each offering an independent, forward-looking lifestyle. A canvas to paint who you are, what you represent, and your individual point of view.

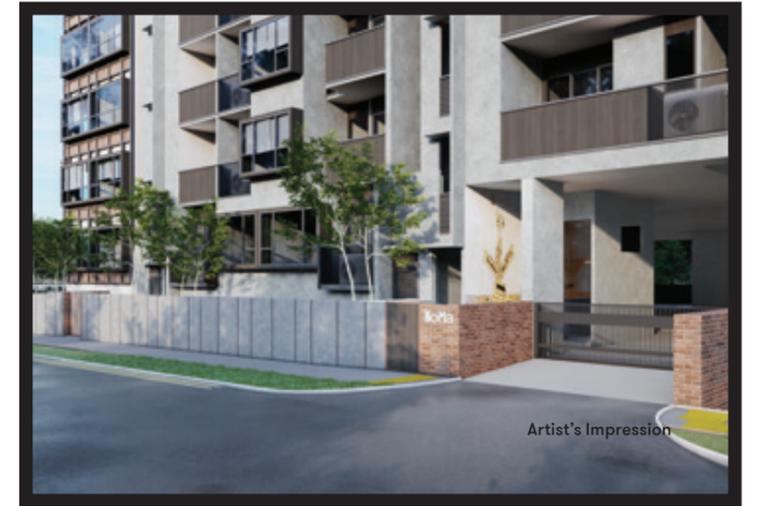

Bespoke Entrances

Keycards

**3 blocks. Each with its own access via 3 different side gates.
3 bespoke keycard designs for greater exclusivity.**

Future Kallang Alive Loop

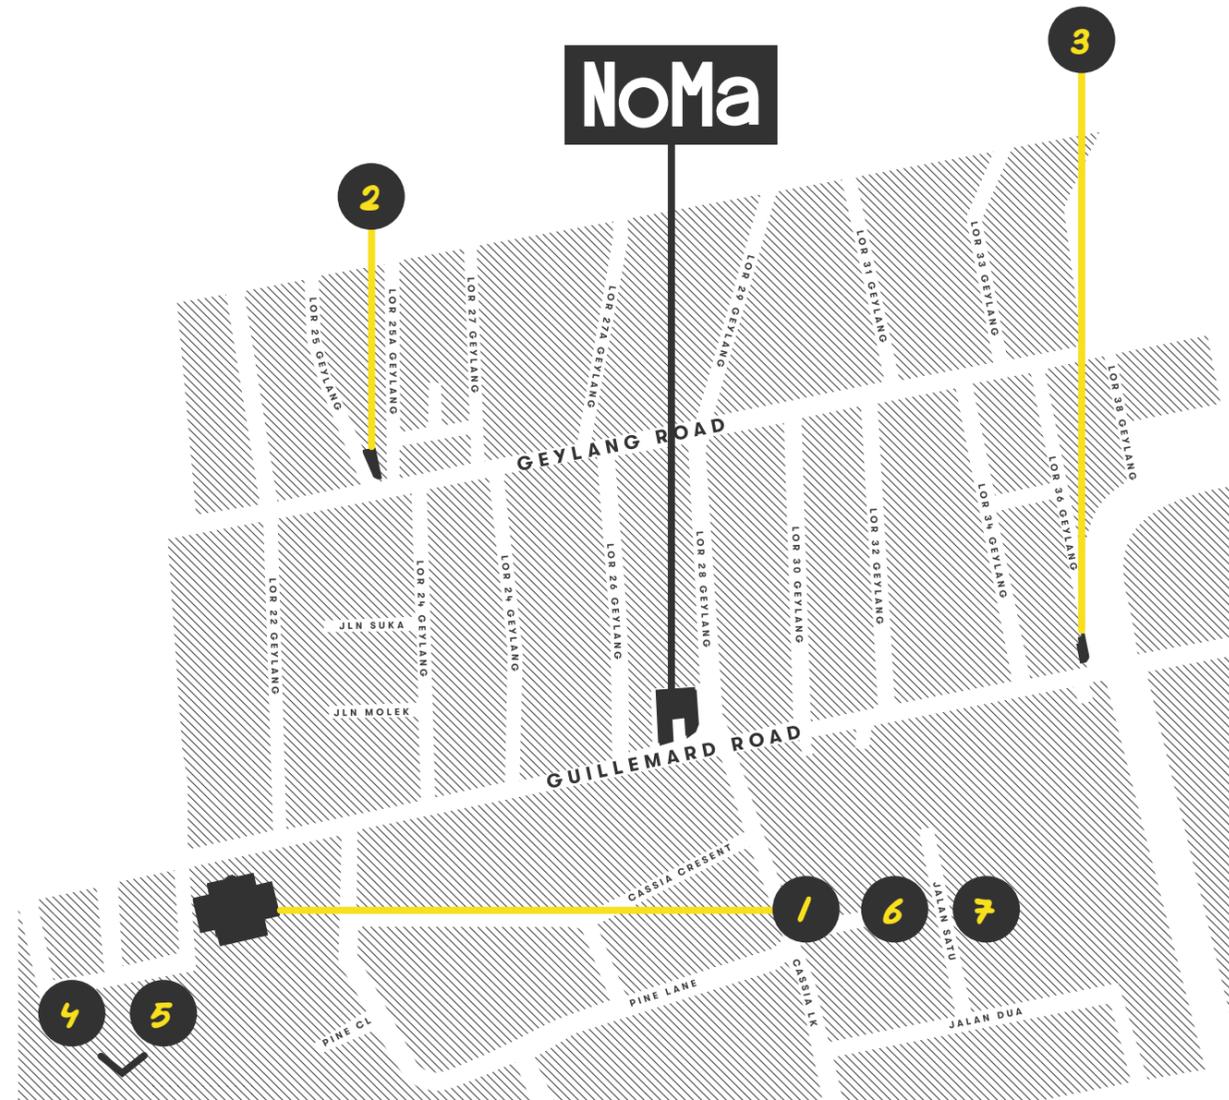

Park Connector

NoMa is about 500 metres from Dakota MRT station. Which is just a brisk 8 minutes' walk away. At the MRT, the Circle Line takes you directly to Singapore Sports Hub, Marina Bay Sands, Gardens by the Bay, Marina Bay Financial Centre, Esplanade — Theatres on the Bay and Dhoby Ghaut Interchange.

All travelling time is approximate only and is taken from NoMa to respective destination.

Lifestyle Central

MAP IS NOT DRAWN TO SCALE

Located along Guillemard Road just north of Mountbatten, NoMa takes you close to the action. Great food at Old Airport Road Food Centre. Sporting activities and world-class entertainment at the Singapore Sports Hub and future Kallang Alive. An expressway right across to Downtown Core and Orchard. Hipster haven at Joo Chiat and Katong. NoMa is at the centre of it all.

The NoMa Tribe

Meet your neighbours at NoMa. A community of modern like-minded individuals, couples and families. Savvy, well-travelled, lifestyle mavericks. Connected yet independent minded. On the lookout for new opportunities, ideas and the next big thing.

THE SAVVY

THE COSMOPOLITAN

THE INVESTOR

The Facilities

Artist's Impression

The Infinity Pool

Take a dip in the infinity rooftop pool and soak in the lush surrounds. Lounge on the floating deck, work on a healthy tan, and idle the day away.

The BBQ Pit

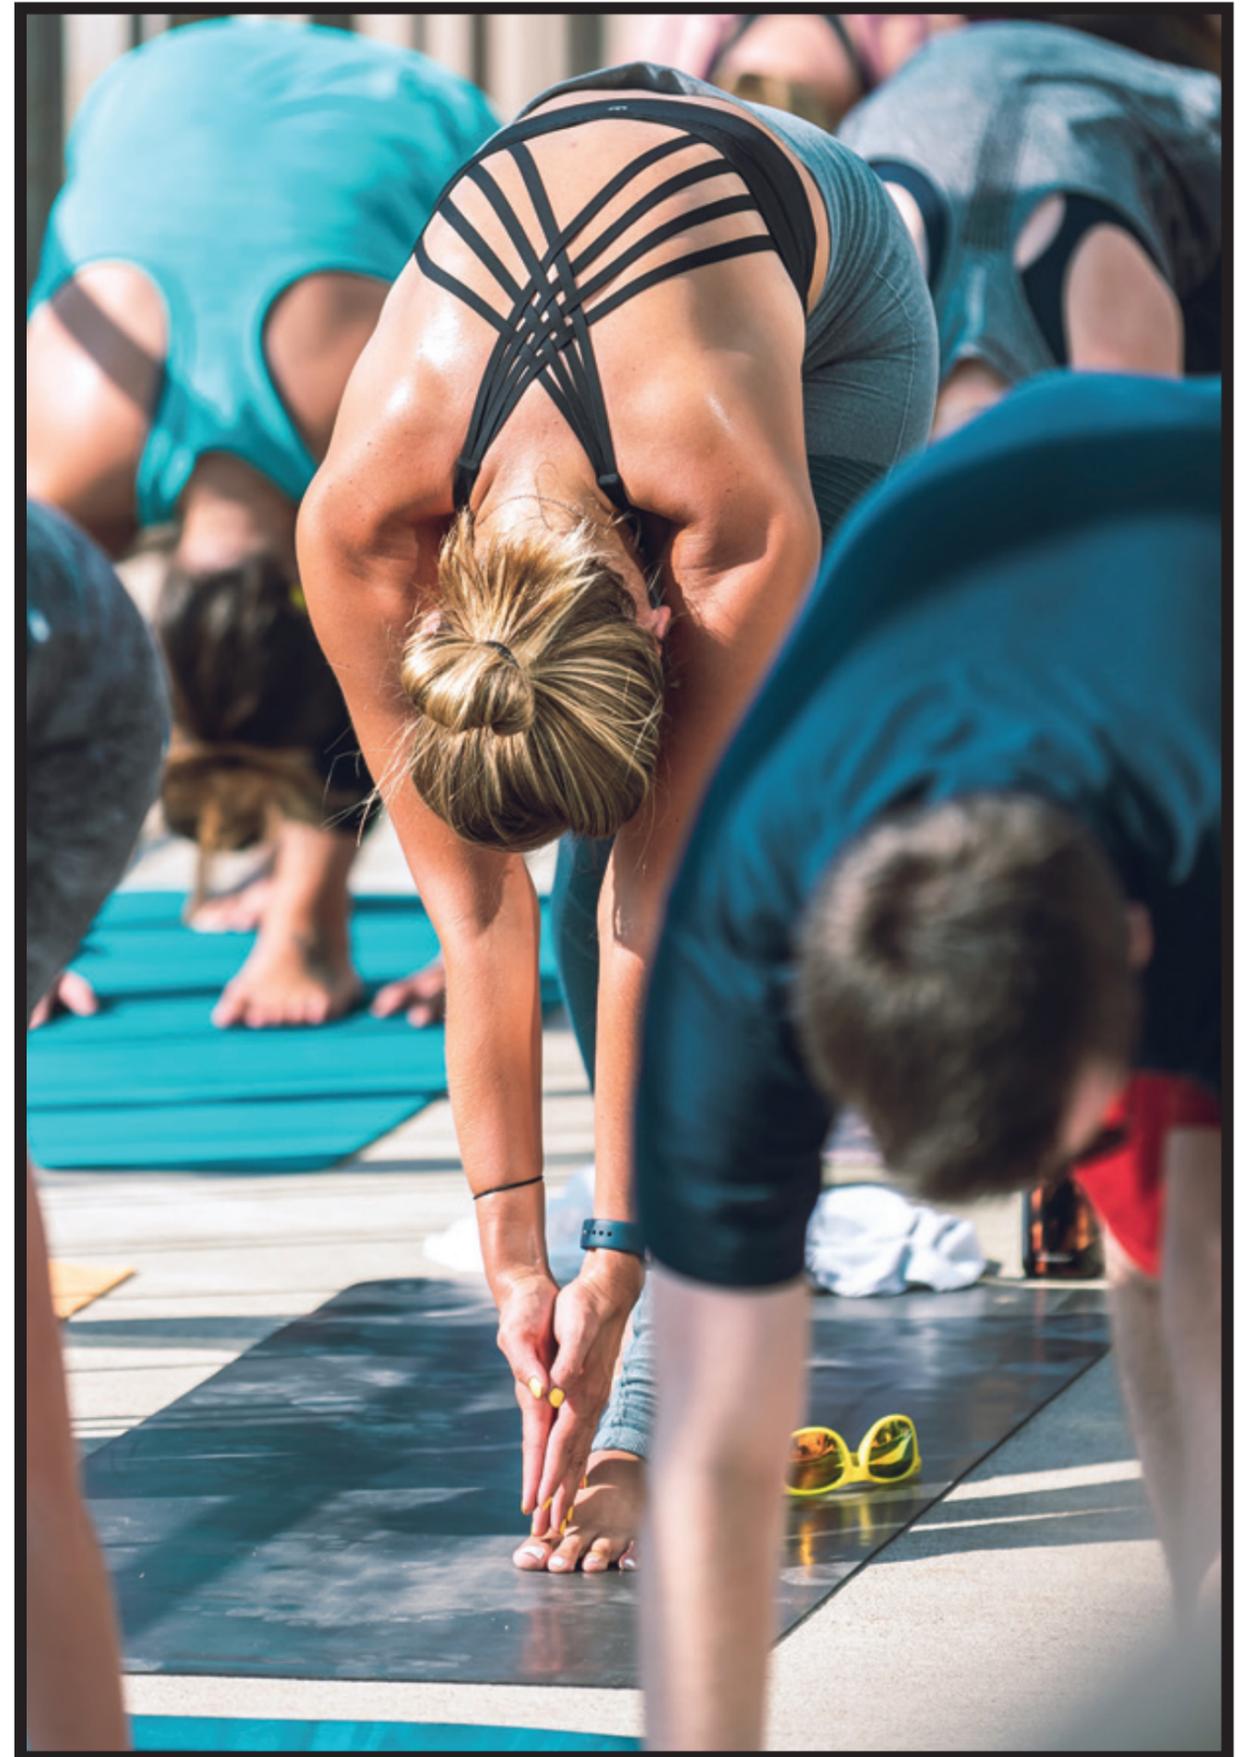

Enjoy great food and great views from this vantage point. The smell of perfectly charred meats, cool vibes, awesome company.

Artist's Impression

The Gym

A modern callisthenics gym designed just for you. Time to turn on your beast mode and work out a sweat.

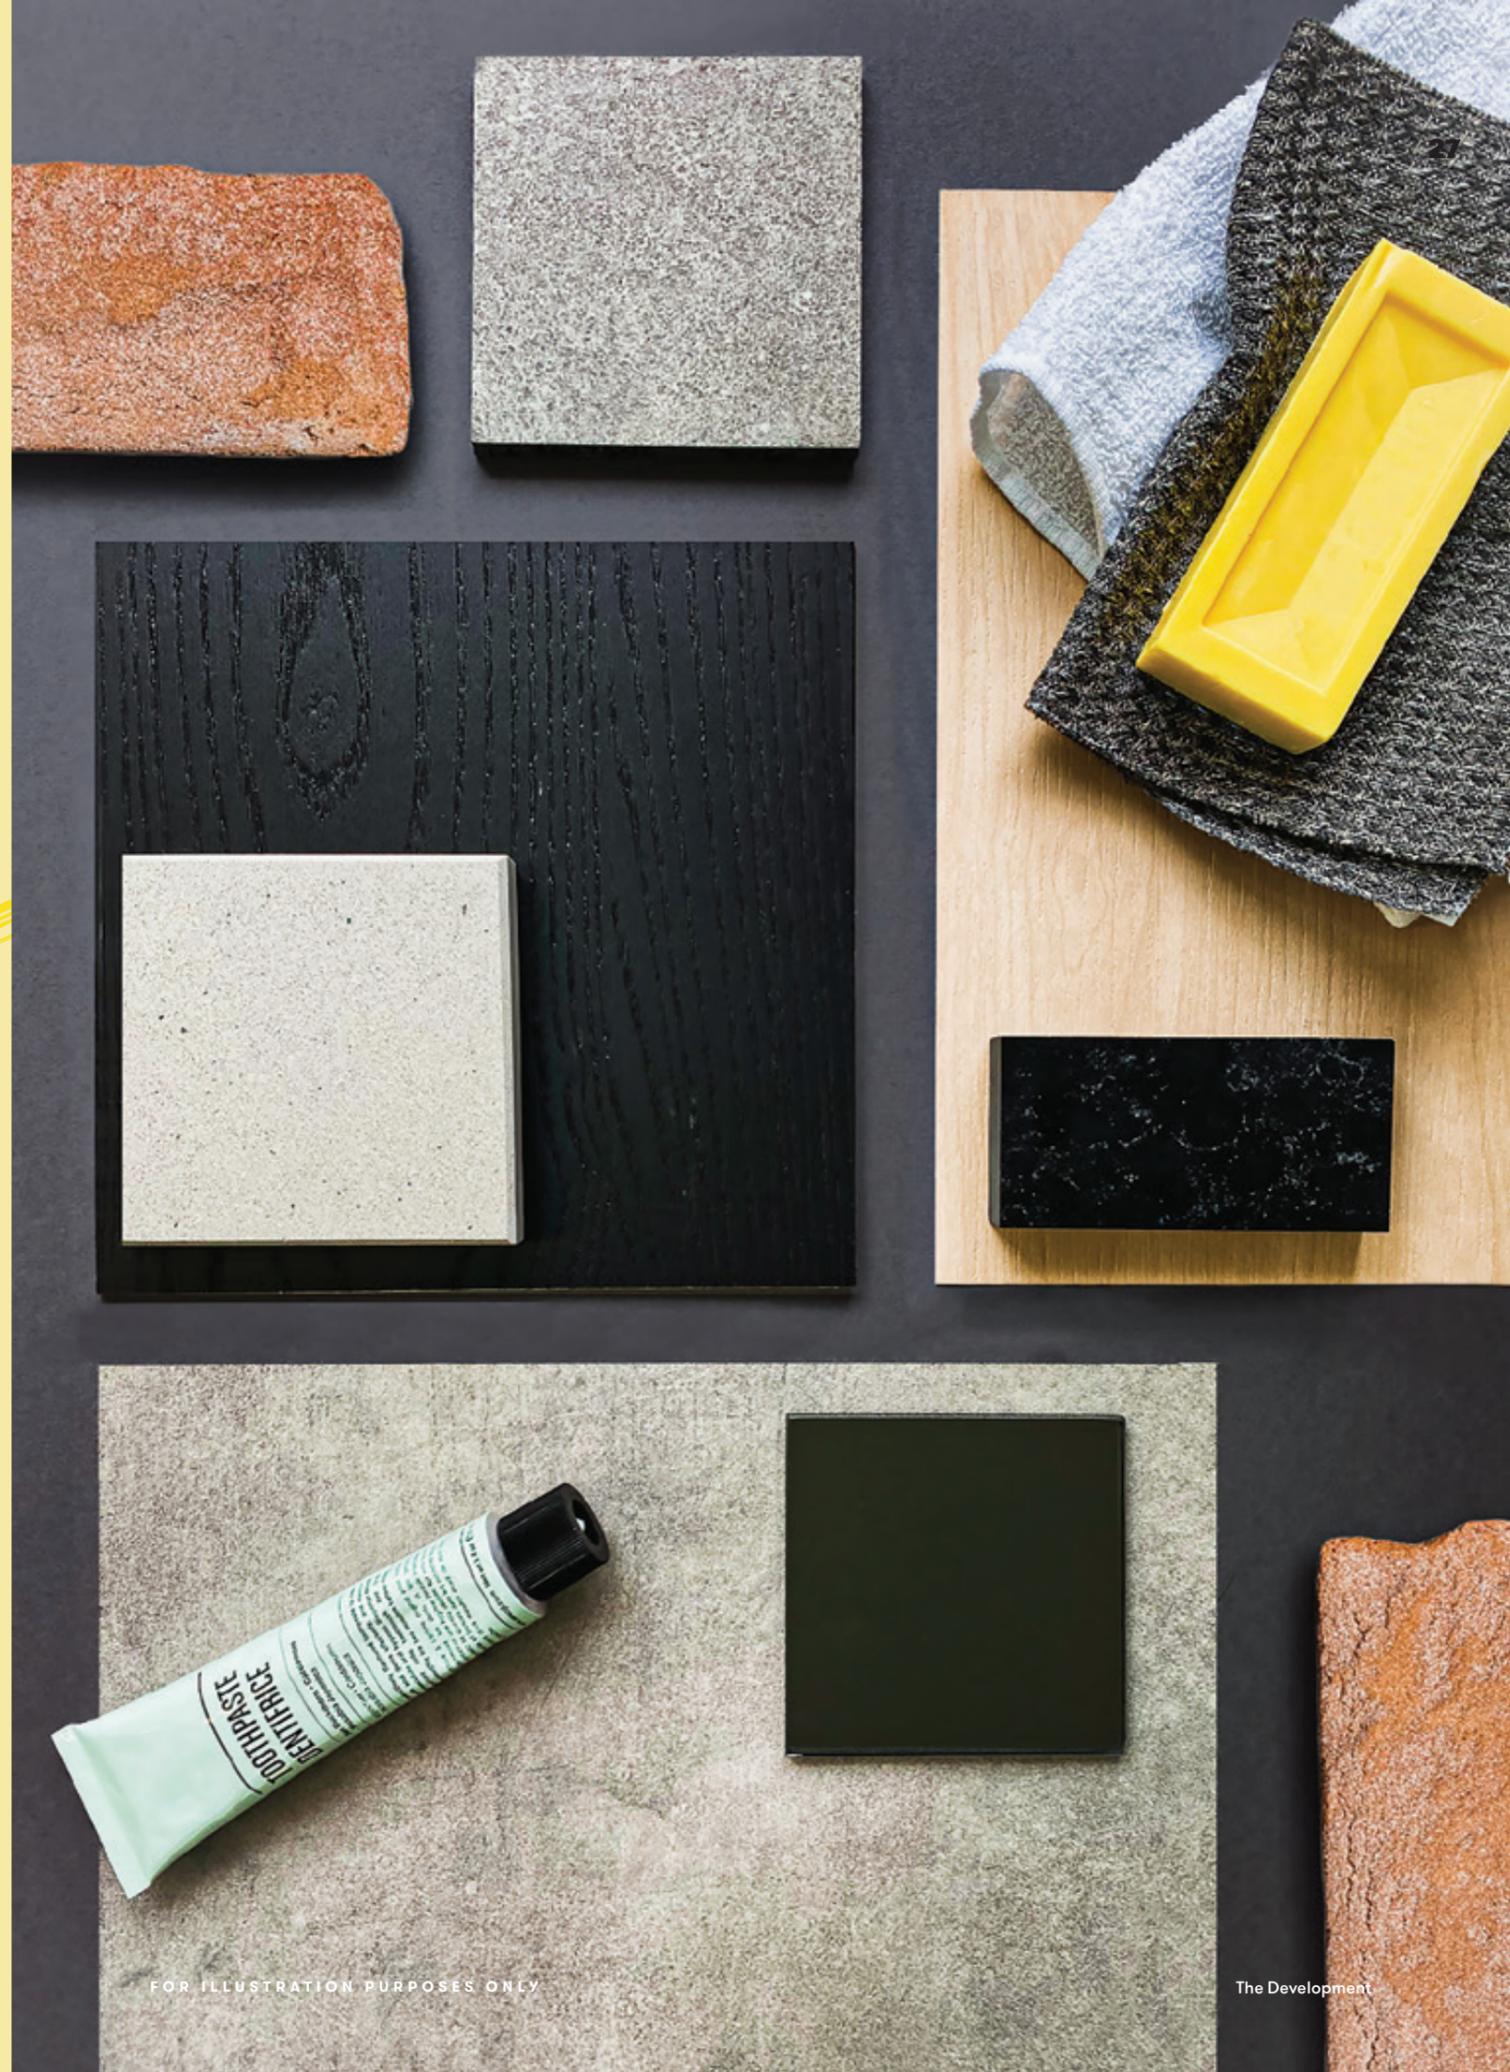

Artist's Impression

The Rooftop Life

Chill and wind down at the rooftop. Kickstart your day with yoga in the morning. Catch the sunset from the pool deck. As the city winds down, gather your tribe and tuck into freshly grilled burgers over craft beer and mellow beats.

The NoMa Life

FOR ILLUSTRATION PURPOSES ONLY

The Development

▲ V1 Artist's Impression

The Foyer

Use the foyer to build cleverly concealed cabinets for extra storage. Use your creativity to combine aesthetics and practical space with a wall-mounting option.

▼ V2 Artist's Impression

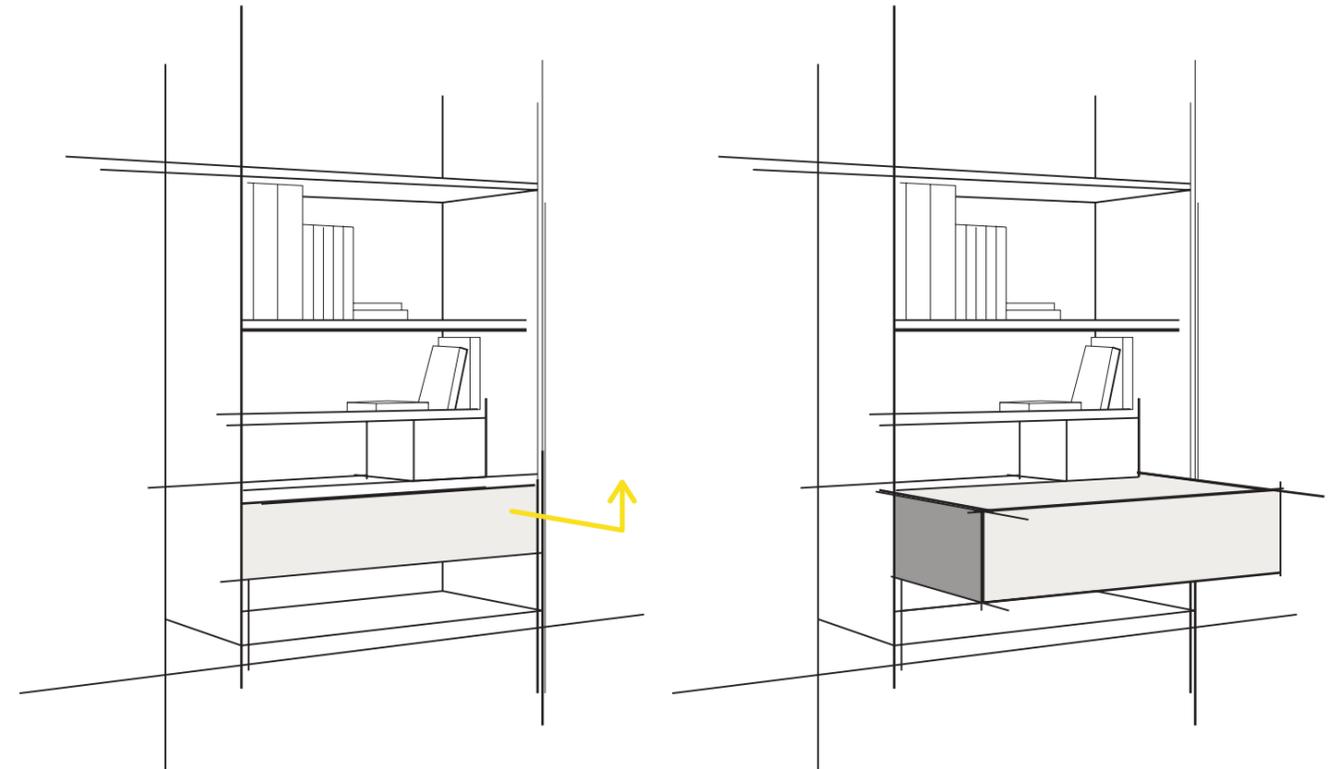

SLIDING PANELS THAT OPENS UP FOR MORE SPACE FLEXIBILITY

Artist's Impression

The Living Flexibility

Sliding panels can be opened and closed to give you even more flexibility to suit your lifestyle. Open up the space in the day or close it up at night for absolute privacy.

FOR ILLUSTRATION PURPOSES ONLY

The Flexibility: WFH

Enjoy the flexibility of working from home. When there is a need to, a pull-out desk that is built into the shelving can be conveniently set up for work and virtual meetings. When work is done, the desk can be cleverly tucked back so the space looks neat and tidy.

► V4 Artist's Impression

The Living Dining

The living and dining areas are purposely designed to be side by side to let you use the space even more creatively or have a more open entertainment space while having friends over.

► V5 Artist's Impression

The Master Bedroom

Your space. Your style. Make the master bedroom your private abode. A creative hideaway to reboot and be your most authentic self.

Notes to Specifications

A Marble/Limestone/Granite

Marble/limestone/granite are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble/limestone/granite as well as non-uniformity between pieces cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However, granite, being a much harder material than marble, cannot be re-polished after installation. Hence, some differences may be felt at the joints. Subject to clause 14.3, the tonality and pattern of the marble, limestone or granite selected and installed shall be subject to availability.

B Timber Strips

Timber strips are natural materials containing veins and tonal differences. Thus, it is not possible to achieve total consistency of colour and grain in their selection and installation. Timber strips are also subject to thermal expansion and contraction beyond the control of the builder and the Vendor. Natural timber that is used outdoors will become bleached due to sunlight and rain. Thus, the cycle of maintenance on staining will need to be increased as required. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17.

C Air-conditioning System

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned on a regular basis by the Purchaser. This includes the cleaning of filters, clearing of condensate pipes and charging of gas. The Purchaser is advised to engage his own contractor to service the air-conditioning system regularly.

D Television and/or Internet Access

The Purchaser is liable to pay annual fee, subscription fee and such other fees to the television and/or internet service providers or any other relevant party or any relevant authorities. The Vendor is not responsible to make arrangements with any of the said parties for the service connection for their respective channels and/or internet access.

E Layout/Location of Fan Coil Units, Electrical Points, Television Points, Telecommunication Points, Audio Intercom System, Door Swing Positions and Plaster Ceiling Boards

Layout/Location of fan coil units, electrical points, television points, telecommunication points, audio intercom system, door swing positions and plaster ceiling boards are subject to the Architect's final decision and design.

F Warranties

Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/or appliances installed

by the Vendor at the Unit, the Vendor will assign to the Purchaser such warranties at the time when vacant possession of the Unit is delivered to the Purchaser. Notwithstanding this assignment, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17.

G Cable Services

The Vendor shall endeavour to procure a service provider for cable television and/or internet services (the "Cable Services") to provide the necessary cabling or connection from its network to the Unit/Building and/or the Housing Project (or any part or parts thereof), so as to enable the Unit/ Building and/or the Housing Project to receive the Cable Services. In the event, despite reasonable efforts being made by the Vendor, the Vendor is unable to procure any service provider to provide the said cabling or connection, thereby resulting in there being no Cable Services available in the Unit/Building and/or the Housing Project, the Vendor shall not be liable to the Purchaser for any compensation or for any damages, costs, fees, expenses or losses whatsoever, or howsoever incurred, by virtue of the Purchaser being unable to obtain the Cable Services in the Unit/Building and/or the Housing Project.

H False Ceiling

The false ceiling space provision allows for the optimal function and installation of M&E services. Access panels are allocated for ease of maintenance access to concealed M&E equipment for regular cleaning purposes. Where removal of equipment is needed, ceiling works will be required. Location of false ceiling is subject to the Architect's sole discretion and final design.

I Materials, Fittings, Equipment, Finishes, Installations and Appliances

Subject to clause 14.3, the brand, colour and model as specified for all materials, fittings, equipment, finishes, installations and appliances to be supplied shall be provided subject to the Architect's selection and market availability.

J Glass

Glass is manufactured material that is not 100% pure. Invisible nickel sulphide impurities may cause spontaneous glass breakage, which may occur in all glass by all manufacturers. The Purchaser is recommended to take up home insurance covering glass breakage to cover this possible event. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17.

K Mechanical Ventilation System

Mechanical ventilation fans and ductings are provided to toilets which are not naturally ventilated.

To ensure good working condition of the mechanical ventilation system, the mechanical ventilation system for the exhaust system within internal toilets (where applicable) is to be maintained by the Purchaser on a regular basis.

L Wall

All wall finishes shall be terminated at false ceiling level. There will be no tiles/ stone works behind kitchen cabinets/vanity cabinet/mirror.

M Prefabricated Bathroom Units

Certain bathroom and WC may be prefabricated construction and all penetrations are sealed at manufacturer's factory prior to installation on site. Any subsequent penetrations are not recommended as they will compromise the waterproofing warranty.

N Mechanized Car Parking System

The maintenance of the mechanised car park will be managed by the Property Management Service Provider using the maintenance fund collected every month. This maintenance fund shall be used only for the maintenance of mechanised car park system arising out of normal usage. It does not cover any damages or defects caused by unauthorized usage and/or misuse of the mechanised car park system.

O Fire Safety

Automatic battery operated smoke detector to be provided in each unit in compliance with SCDF's requirement on Home Fire Alarm Device (HFAD). The Purchaser shall engage his own contractor to maintain, repair (if necessary) the automatic battery smoke detector on a regular basis so as to ensure it is in good working condition.

P Window Restrictors

(Only applicable to units # 01- 10 to #05- 10 (Type A4) and #02-02 to #05-02 (Type B6))

For compliance with relevant authorities' requirements to reduce road noise from Guillemard Road, the windows in the Master Bedroom and Bedroom 2 of the Unit will be provided with window restrictor(s) such that the windows can open up to an angle of 35 degrees only.

Q Acoustic Ceiling

(Only applicable to units #01-10 to #03-10 (Type A4), #01-09 to #03-09 (Type A3), #02-01 to #05-01 (Type B7))

For compliance with relevant authorities' requirements to reduce noise within the Unit, the Unit will be provided with acoustic ceiling at Balconies, Living Room and Bedrooms (where applicable).

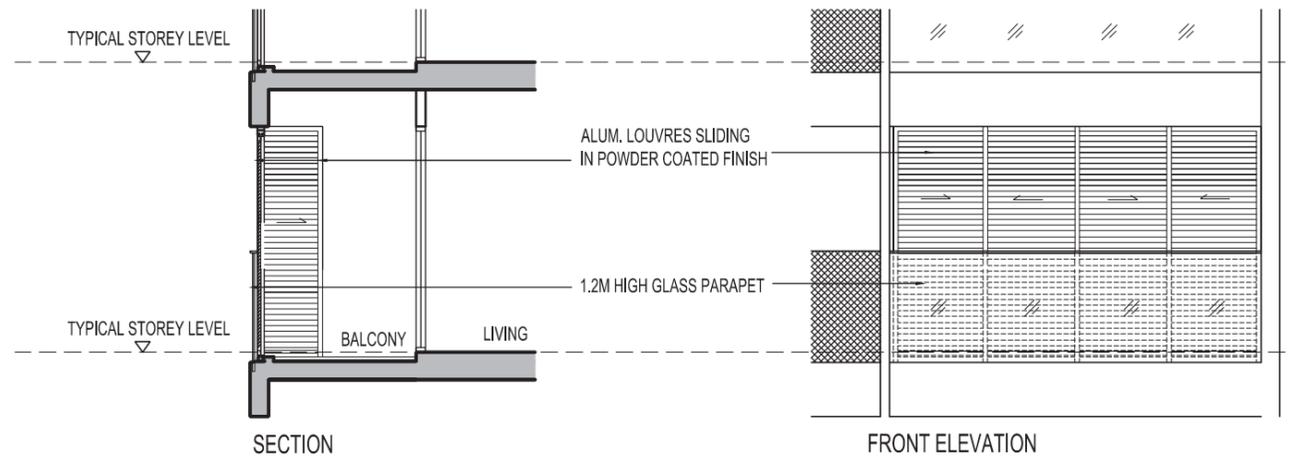

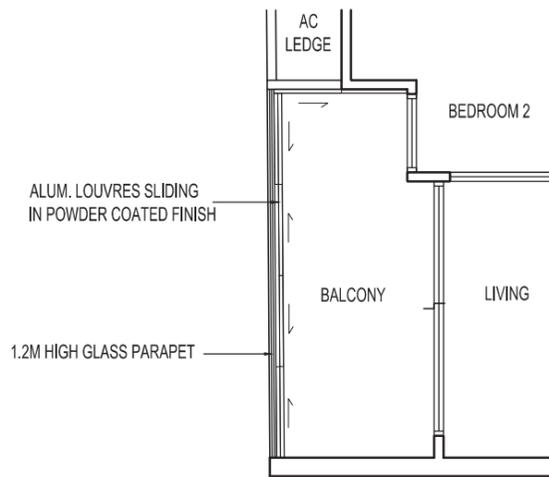

R Sliding Door Restrictors

(Only applicable to units #02-01 to #05-01 (Type B7))

For compliance with relevant authorities' requirements to reduce road noise from Guillemard Road, the sliding door to balcony in Master Bedroom of the Unit will be provided with sliding door restrictor such that the sliding door can have one panel openable only.

Balcony Screen

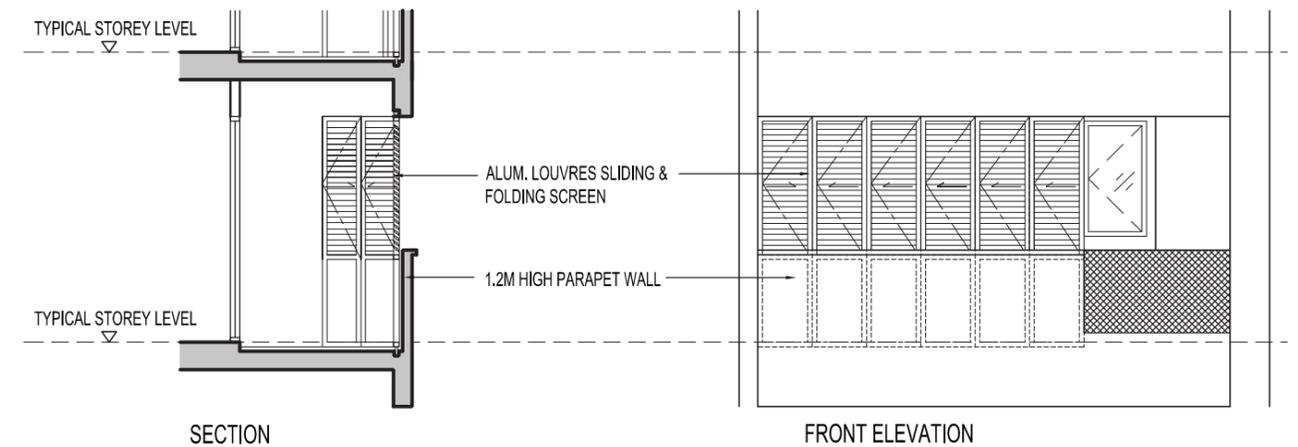

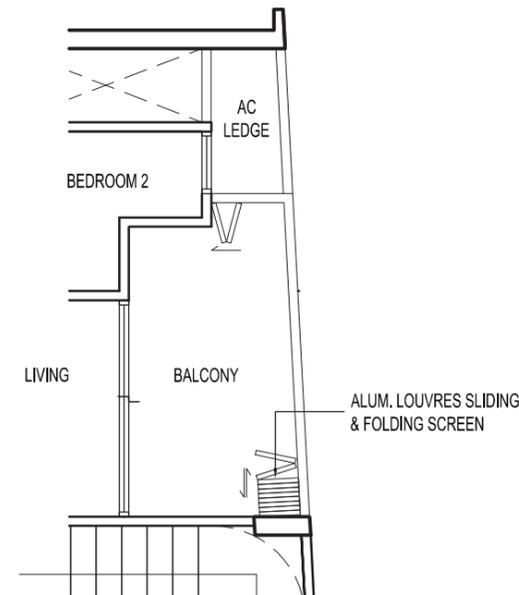

For Unit Type
B3, B4, B5, B6, D1G & D1

Design Approved by URA - Provided and Installed by Developer

This drawing is for reference only. The screen design is for aesthetic uniformity of the development. Balcony screens are provided by developer. Material to be aluminum with powder coated finish. The balcony(ies) (if any) and private enclosed space(s) (if any) shall not be enclosed unless with the approved balcony screen, which shall be installed at the unit at the developer's cost.

For Unit Type
A1, A2, A3-G, A4-G, B2, A5, B1, A3, A4, B7, B8, D2A & D2

Design Approved by URA - For Purchaser's Reference Only

This drawing is for reference only. The screen design is for aesthetic uniformity of the development. Material to be aluminum with powder coated finish. Fixing details are by contractor and shall not damage the existing water proofing and structure. Purchaser shall verify all dimensions prior to fabrication and commencement of work. The Purchaser is required to refer to the management for any additional details. The balcony(ies) (if any) and private enclosed space(s) (if any) shall not be enclosed unless with the approved balcony screen. Purchaser may opt to have approved balcony screen installed at the balcony(ies)/private enclosed space(s) (if any) at the unit at Purchaser's own cost.
